## SIGNATURE TECHNIQUES

# The Anderson Toolkit

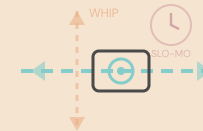

### Framing

**Dead-center symmetry** is the hallmark. Subjects placed on the exact vertical axis. Doorways, hallways, and windows used as nested frames within frames.

### Color

**Restricted palettes** per film. Every prop, wall, costume, and vehicle is color-coordinated. Pastels dominate, with strategic saturated accents for contrast.

### Movement

**Lateral tracking shots** and whip pans. Camera moves side-to-side like a dollhouse. Slow motion for emotional peaks. Minimal handheld work.
